

IX100/202

Retail Printing Scales

The stylish IX series printing scales offer an outstanding range of features at the lowest price available.

- Most economical scale in its class.
- LCD display shows product description and enables easy programming.
- FREE PC-to-scale software included.
- Choice of models to suit all counters.
- Flexible pre-pack, label & receipt printing from one scale.
- Network up to 9 scales.
- Easy to access, fast loading printer with take-up spool (below).

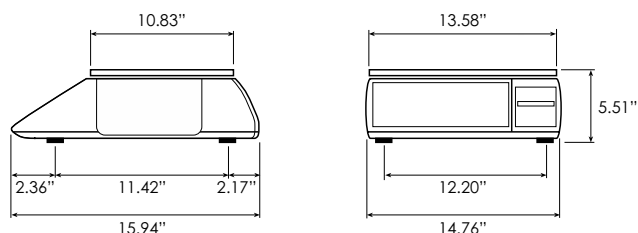

Designed to suit small independents and convenience stores, the IX series meets the essential needs of the local retailer at the most economical price. With free PC-to-scale software and a compact footprint to suit a variety of counter sizes, it's never been easier to maintain prices, labels and COOL standards.
